Re: Real Estate Sale (Please share with other town/city officials)

Oneida County will be conducting a tax delinquent foreclosed real estate sale of property listed in the attachments. Per Wi Stat 75.69(4), we are contacting you regarding parcels(s) that **may** be located in your Town or the City. If bids are received which meet or exceed the minimums as set forth on the real estate sale listing, the Land Records Committee plans on recommending to the County Board that quit claim deeds be issued to the successful bidders unless the municipality expresses interest or concern with the property. If your municipality has any questions or interest in the sale of any of these parcel(s) or other concerns, please contact me ASAP and at least two weeks before bid dead line.

Please see attached notice for listings and bid details. We would appreciate it if you could post this notice in your office or public area so others that may be interested in the properties could review the information.

Please share this information with your Board Members.
